

## Notice of Public Open House

### **Belleville Waste Management Facility – Environmental Compliance Approval Application**

David N. Moore and Son Environmental (David Moore) has partnered with Astoria Organic Matters Ltd. (Astoria) to develop the Belleville Waste Management Facility. David Moore owns the property and will be the primary operator of the scale house, transfer station and recycling facility. Astoria will be the primary operator of the composting facility portion of the site.

A multi-media Environmental Compliance Approval application is being developed and will be submitted to the Ministry of the Environment to further develop the site by establishing a waste transfer station and recycling facility, and to expand the leaf and yard waste composting facility to include commercial food waste, source separated organic waste (municipal), biosolids, wood waste, paper waste, inert powders, manure, liquid industrial organics and other organic wastes. This amendment is also seeking to expand the service area to include organics and recyclable materials from domestic and commercial sources from the provinces of Ontario and Quebec and the State of New York, US.

The site is currently approved to be used for the transfer and processing of non-hazardous recyclable materials, non-recyclable municipal waste and leaf and yard waste from domestic and commercial sources from the counties of Prince Edward, Hastings, Northumberland, Peterborough, Halliburton, Lennox and Addington, Frontenac, Leeds and Grenville, Lanark and Renfrew.

**Consultation and Public Meeting:** David Moore and Astoria would appreciate your input and welcome your attendance at our drop-in style public open house sessions for the Project. This open house will provide stakeholders with the opportunity to meet the Project team, learn more about the Project and to provide comments and pose questions regarding the Project.

Date: Monday January 27, 2014

Time: 4:00 pm – 7:00 pm

Location: Gerry Masterson Thurlow Community Centre (just west of the Harmony Road and Hwy. 37 intersection)

To learn more about the Project or to communicate questions or comments, please visit our website at [www.astoriaorganics.com](http://www.astoriaorganics.com) or contact the Project Team via email at [info@astoriaorganics.com](mailto:info@astoriaorganics.com), or by telephone at 613-449-6214.

*Under the Freedom of Information and Protection of Privacy Act and the Environmental Assessment Act, unless otherwise stated in the submission, any personal information such as name, address, telephone number and property location included in a submission will become part of the public record files for this Project and will be released, if requested, to any person.*
